

HOME CARE

## Independent customised home monitoring

Independent living solution for seniors that allows full confidence and peace of mind for their loved ones.

Care Cohort™ Wellness Home Care uses an advanced interface that allows family members to keep abreast of elderly relatives who require partial or full daily monitoring. Flexible solutions enable monitoring parameters to be adapted to the needs of the resident, with the option of a self-monitored or professionally monitored service.

### Key Features

- EASILY INSTALLED CUSTOMISED FAMILY CARE decide what is important for you to monitor
- FLEXIBLE RULES ENGINE set alerts according to the senior's habits
- FAMILY AND CAREGIVERS MONITORING APP get a clear picture of resident's daily activities
- PROFESSIONAL MONITORING highly scalable solution for home care providers

Flexible homecare monitoring for families

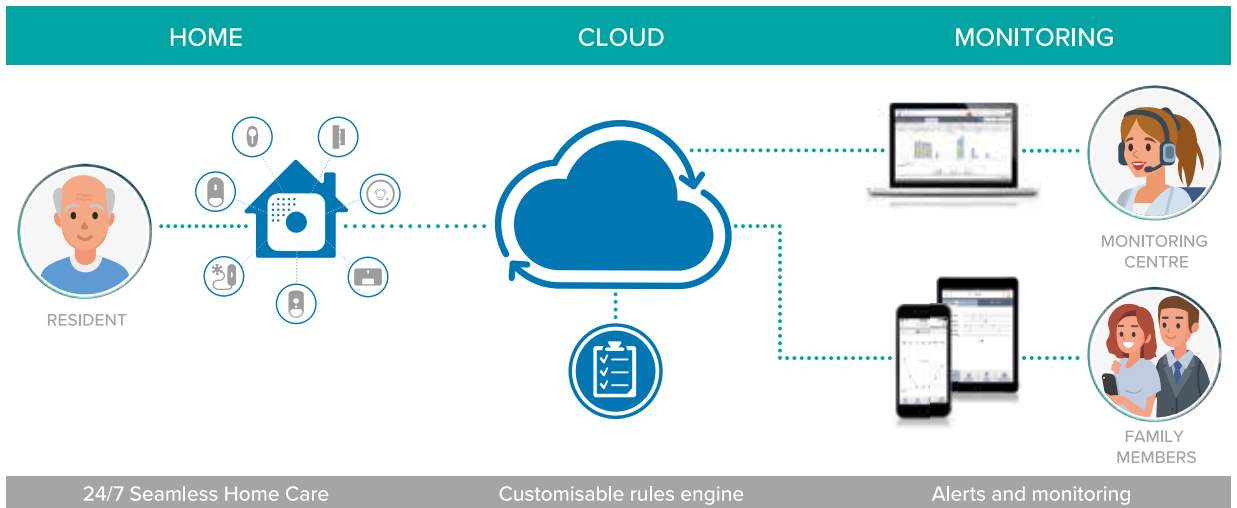

Care Cohort™ Wellness is an enhanced telecare services platform that offers a seamless health monitoring experience for seniors, allowing them to maintain their independent lifestyle for longer.

**Additional features:**

- Real time activity reports
- Activity index summarising daily activity
- Automatic alerts to indicate hazard and worsening health scenarios
- Simple do-it-yourself installation option

24/7 Seamless Home Care

Customisable rules engine

Alerts and monitoring
