

Enabling an active lifestyle so you feel safe anywhere

Independent living solution for seniors that allows full confidence and peace of mind for their loved ones.

Care Cohort™ Wellness PERS Active seamlessly extends the protection of an existing Care Cohort™ Wellness system beyond the home coverage area. Ensuring safety and enabling seniors to stay active and independent while remaining connected to their service provider and their family.

Key Features

- EMERGENCY CALL, FALL DETECTION AND ACTIVITY MONITORING while indoors and outdoors at home or on the go.
- GEO-PROTECTION if a resident has strayed outside of their usual walking perimeter, for those at risk of wandering or abduction.
- GEO LOCATION ability to locate the resident in case of emergency.

Complete protection inside and outside

Using the EP Active, connected to a smart phone, PERS Active ensures the customer is always monitored by sending alerts in emergency situations to healthcare providers and family members.

Care Cohort™ Wellness is an enhanced telecare services platform that offers a seamless health monitoring experience for seniors, allowing them to maintain their independent lifestyle for longer.

Expand your end-user reach by providing value to lower-age seniors who are more active and spend more time out of the house

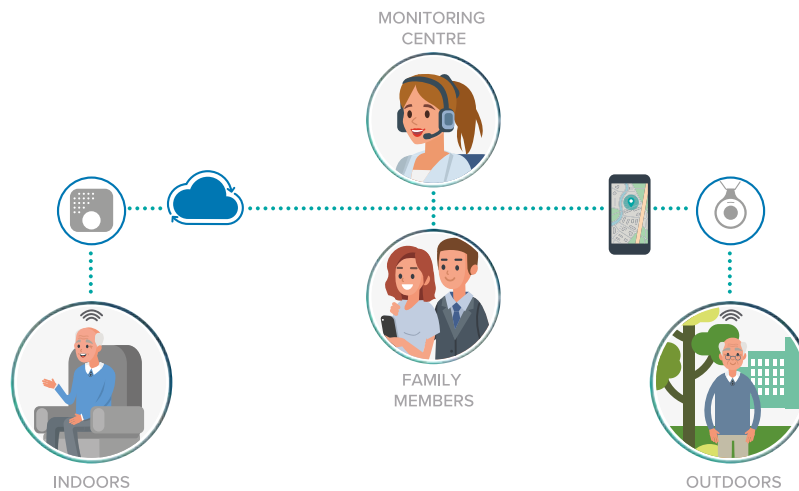

Bringing a better and more cost-effective solution to the problem of protecting people indoors and outdoors.

With geo-location services, fall detection and panic button, Care Cohort™ Wellness PERS Active will send an emergency alert to the monitoring centre when something is wrong and include the location of the user so that they can be easily located and get help quickly. The system can even remind the user or alert the family if the resident has left the house without their emergency pendant, ensuring that they never leave home without being protected.

Additional features:

- Uses device already owned by customer
- Customer is free to use their own mobile provider
- Wearable is small and light with 2 year battery life.
