

HOME PRO

Personalised intelligent homecare solution

Independent living solution for seniors that allows full confidence and peace of mind for their loved ones.

Care Cohort™ Wellness Home Pro constantly learns and adapts to the daily behaviour of individuals and provides alerts, with different severity levels, based on deviation from the daily routine. These personalised real-time alerts enable timely prevention of possible deterioration in the senior's wellbeing.

Key Features

- **PERSONALISED AND PROACTIVE CARE**
allowing senior citizens to age at home independently
- **SEAMLESS MONITORING**
a range of devices that track the resident's behaviour
- **FOR THE FAMILY**
monitoring apps with smart alerts for family members
- **SCALABLE AND COST EFFECTIVE**
enhanced with security and safety applications

Professional passive elderly monitoring

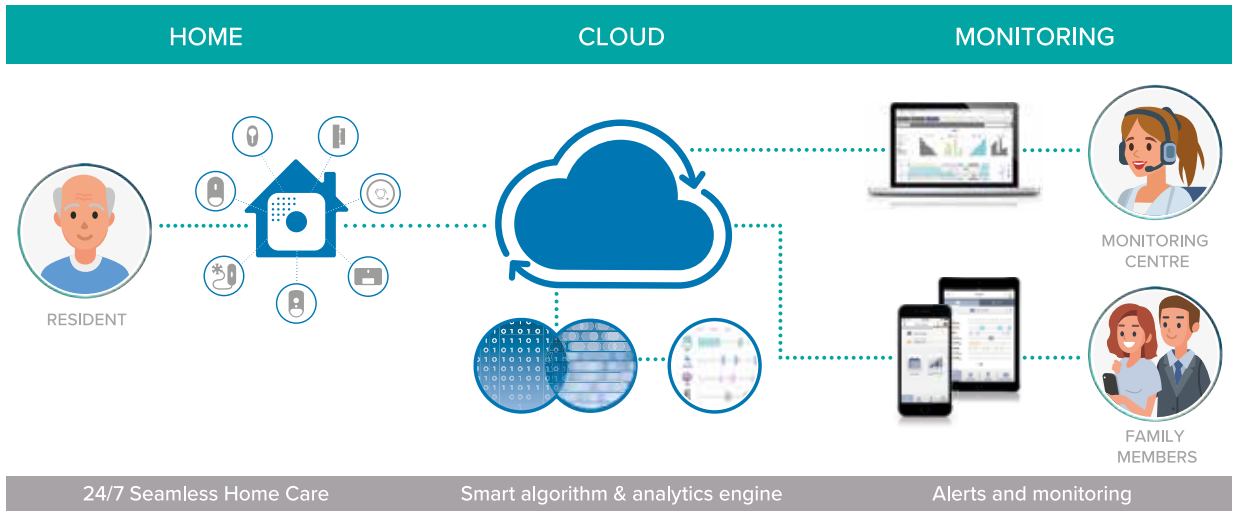

Care Cohort™ Wellness is an enhanced telecare services platform that offers a seamless health monitoring experience for seniors, allowing them to maintain their independent lifestyle for longer.

Additional features:

- Real time updates
- Early detection
- Prevention of deterioration
- Abnormal daily functioning alerting
- Personal security and safety

ADD MORE VALUE TO CARE COHORT™ WELLNESS HOME PRO WITH:

SMART ALERTING

A smart emergency response device with intelligent voice activation and pendant with long range fall detection.

A leader in the innovative use of technology that enables Aged Care providers to achieve higher revenues and efficiencies. Care Cohort™ is our flagship product.
